### RECOMMENDATIONS FOR OWNER

- That a private veterinarian of your choice examines all animals indicated for further evaluation, diagnostic testing, and treatment as indicated below:
  - Physical Examination
  - Complete Blood Count (CBC) / Serum Chemistry
  - Heartworm Testing
  - Fecal Examination
  - Any additional diagnostic tests as indicated by that veterinarian
  - Specific treatment / procedures for: \_\_\_\_\_
  - Formulation of an appropriate medical treatment program (provided in writing)

This examination and follow-up testing should take place as soon as possible, but given the severity animal(s) condition noted no later than: \_\_\_\_\_

- That modifications are made to the existing shelter or that alternate shelter is provided that is more appropriate for the animals present (as discussed at the time of the visit)
- Grooming procedures (including \_\_\_\_\_) are necessary at this time. Given the current condition, these procedures could reasonably be provided by (check all that apply):
  - the animal's owner (only if knowledgeable about the procedure)
  - a professional groomer
  - a veterinarian / veterinary clinic staff

- For your records please save receipts for all food, veterinary, and grooming procedures

While you are welcome to use any veterinarian of your choice to provide care for your animals, SHS understands that financial concerns regarding cost of veterinary care can be a significant impediment for some owners. For that reason, if you do not have a regular veterinarian or cannot afford them at this time, you can be qualified to use the SHS low cost veterinary clinic's services. If you choose to use this option, in order to expedite the qualification process and get the soonest available appointment, please let the clinic staff know that you have received these recommendations.

*The SHS will check on your progress and appreciates your continued cooperation.*
